

Description

Superior Water Displacement Spray that lubricates and protects. A high performance water displacement spray which actively drives out moisture, even from hard-to-reach areas, leaving a fine lubricating film which protects against corrosion. This film enables future dismantling of equipment. Also an effective cleaner and degreaser. Does not contain silicone.

Benefits & Features

- Silicone free
- Powerful water displacement properties
- Leaves a shield against further moisture ingress
- Leaves a protective film, guarding against corrosion
- Good general lubrication for most components
- A rapid penetrant for seized fixings

Directions for Use

Shake can well before use. Spray onto area from 15-30cm. When used as a penetrant or for de-watering leave for a few minutes before continuing work. When applying as a protective coating allow to dry to form a film.

Technical Data

Appearance:	Off white low viscosity spray
Odour:	Slightly sweet solvent
Contents:	Blend of naphtha, waxes, solvents and oils with a hydrocarbon propellant
Storage:	Below 50°C
Flash Point:	<0°C
Dielectric properties:	21.3 kV/mm
Solubility:	Insoluble in water

Please Note
